## Websites

Transgender Toolkit

<https://extension.umn.edu/child-development/transgender-toolkit>

This website houses secondary basic information for professionals about transgender youth and well-being. It also serves as the repository for holding original content links such as powerpoints from community webinars, videos developed for community use of my and colleagues talks, and copies of reports and the *Children's Mental Health eReview*. I provide intellectual oversight for the content, and some of the content is of my talks and reports.

National Center for Gender Spectrum Health

<https://www.sexualhealth.umn.edu/ncgsh/measures>

This website houses links to the measures that I have developed in conjunction with the National Center for Gender Spectrum Health, and the Center for Expertise on Gender Dysphoria. I am first author on four of the five measures available for free download at this site.

## TEACHING AND CURRICULUM DEVELOPMENT

### University of Minnesota, Extension

Krekelberg, E., & McGuire, J.K. (2021) **A Changing Way of Life: Ambiguous Loss in Farm Families**. Contributions: I co-authored this 2<sup>nd</sup> edition revision of a booklet and curriculum for farming families, based on the original document, *Losing a Way of Life* authored by Pauline Boss in 2000. My contributions include updating the theoretical perspective to accommodate recent changes. Developing activities and worksheets to further illustrate the concepts of ambiguous loss in farming families, updating content to reflect modernized conceptualizations of gender and family, and supporting my co-author, an Educator in Agricultural Safety by providing the expertise in family and ambiguous loss.

In 2021 the curriculum and worksheet supplements were published. We also received funding from MN Dept. of Health to provide training of trainers and facilitators to enact the program throughout Minnesota and the North Central Region in 2022. We have conducted 3 “Train the Trainer” workshops with one ore scheduled, and will conduct 3 facilitator trainings.

**Parents Forever™**, is a coparenting curriculum taught to 1500-2000 individuals in Minnesota each year. It is one of only 2 approved curricula by the Minnesota Supreme Court to be used in cases of challenged custody.

*Contributions:* I provided review for sexual orientation and gender identity (SOGI) content early on, and have consulted with online development and as the program was modified into a four hour version to fit the needs of other states. I have also been working with the team to create supplemental materials for SOGI education and additional modules (forthcoming).
